Weirton Medical Center understands that certain patients may be unable to complete a financial assistance application, comply with request for documentation, or are otherwise non-responsive to the application process. As a result, there may be circumstances under which a patient's qualification for financial assistance is established without completing the formal assistance application. Under these circumstances, WMC may utilize other sources of information to make an individual assessment of financial need. This information will enable WMC to make an informed decision on the financial need of non-responsive patients utilizing the best estimates available in the absence of information provided directly by the patient.
